Exploraves

Experience the Magic of Mindo

Welcome to one of South America's premier destinations for cloud forest photography. This masterfully designed four-day journey takes you from the misty Andean heights of Yanacocha straight into the vibrant heart of the Chocó biosphere in Mindo, offering unparalleled opportunities to observe and frame Ecuador's most spectacular biodiversity. Whether your dream is freezing a hummingbird mid-air, capturing the brilliant colors of a Toucan Barbet, tracking elusive antpittas, or witnessing the dramatic courtship display of the Andean Cock-of-the-rock, every single excursion promises portfolio-grade images in breathtaking, natural surroundings.

Photography Highlights

Many more cloud forest specialties may also be observed throughout the tour.

Comfortable Accommodation

Enjoy comfortable accommodation at Sachatamia Lodge, carefully selected for its beautiful cloud forest setting, excellent hummingbird feeders and convenient access to Mindo's premier birding locations. Wake up surrounded by nature and begin each day with outstanding wildlife photography opportunities just steps from your room.

Why Choose Exploraves?

Every itinerary we create is personally designed to provide an exceptional balance of world-class birdwatching and high-end wildlife photography experiences. Backed by deep local expertise, carefully scouted locations, and the flexibility of private departures, Exploraves ensures you discover Ecuador's remarkable biodiversity while enjoying highly personalized service, premium comfort, and seamless logistics throughout your journey.

- Private & Tailor-Made Tours • Small, Intimate Groups • Expert Local Fixed Guides

Continue Your Adventure

The wonders of the cloud forest are just the beginning of what Ecuador has to offer. We would love to keep guiding your journey through this land of natural marvels. Whether you dream of extending your expedition to the pristine volcanic shores of the Galápagos Islands, tracking unique high-altitude species in the Andes, or exploring the deep, vibrant ecosystems of the Amazon Basin, Exploraves is here to make it happen flawlessly.

Thank you for choosing us to share this passion. We look forward to seeing you soon on the trail!

Warm regards,

Your friend, Pablo Andrade
