

Mindo & Galapagos Birding & Photography Tour Ecuador

Exploraves

Hummingbirds, Birds & a Galapagos Wildlife Cruise

14-Day Wildlife Photography Adventure

A Journey Through Ecuador's Birding Hotspots

From the cloud forests of Mindo, famous for its hummingbirds, spectacular toucans and colorful tanagers, to the legendary wildlife of the Galapagos Islands, this tour offers exceptional opportunities for birdwatching, wildlife observation and nature photography.

Photograph colorful hummingbirds, Antpittas, Cock-of-the-Rock, Andean Condors and many other iconic species before embarking on a memorable Galapagos wildlife cruise, where remarkable seabirds and unique island wildlife await. Designed for birdwatchers, photographers and nature enthusiasts seeking unforgettable encounters with Ecuador's extraordinary biodiversity.
